Our Own home loan gives you options

Whether you want to lock in a rate, get the flexibility of offset, or both

A representative example

1 Comparison rates are calculated on a loan amount of \$150,000 for a term of 25 years. For fixed rates where the LVR is equal to or less than 80%, the comparison rate is based on a revert variable rate with an LVR of 60%. For fixed rates where the LVR is greater than 80% but less than 85%, the comparison rate is based on a revert variable rate with the same LVR. These rates are for secured lending only.

Comparison rates for variable interest only loans are based on an initial 5 year interest only period. Comparison rates for fixed interest only loans are based on an initial interest only period equal in length to the fixed period. **WARNING:** The comparison rates are true only for the examples given and may not include all fees and charges.

Different terms, fees or other loan amounts might result in a different comparison rate. Lending criteria, fees, terms and conditions apply.

All applications for credit are subject to 86 400 credit approval criteria.
